BYU PARKING & TRAFFIC RULES AND REGULATIONS

AUTHORITY AND PURPOSE - Brigham Young University derives its authority to regulate campus traffic and parking from Section 41-6a-215 of the Utah Code (hereafter "UC"). University traffic and parking regulations are enacted to provide a safe and orderly environment for pedestrians and vehicles.

The University adopts the Utah State Traffic Code and Provo City Ordinance as its standard. Traffic and parking regulations are promulgated based on this standard upon approval of the Traffic and Use Committee, which is composed of administrators, faculty, staff, and students. It reports to the Vice President of Student Life. Traffic and parking regulations are published on the BYU Parking Office website at: <http://parking.byu.edu>.

Suggestions pertaining to the traffic and parking regulations should be addressed to the Manager of Parking Services, Parking Services Office, 2120 JKB, Provo, UT 84602. Phone 801-422-3906.

DEFINITIONS AND EXPLANATIONS

CAMPUS: Property owned or controlled by BYU.

EMPLOYEE: Non-students working full-time or part-time for the University.

MOTORCYCLES: Motorcycles, motor scooters, mini bikes, and mopeds. Motorcycles are not allowed in vehicle stalls.

MOTOR VEHICLES: Motor-propelled, wheeled vehicles.

PARKING STALL: A space enclosed by two parallel lines or a line and a curb forming a space similar in size and shape to regular parking stalls.

REGISTRATION: Providing owner or "responsible person" information to BYU Parking that allows authorization to park in BYU lots.

RESPONSIBLE PARTY: Driver, or owner of a vehicle. If a driver cannot be identified or is not available, the state registered owner will be the responsible party.

STUDENT:

- Anyone attending or enrolled in BYU day or evening school who audits or takes classes for credit; or anyone who has enrolled at the University, but has not graduated nor officially withdrawn from school.
- You are considered a student for parking purposes, until your diploma is posted to your transcript. This is usually between 2-6 weeks after graduation. It is the students' responsibility to check your transcript.
- A student's spouse--even though not taking classes--is also considered a student and can only park in the "U" or free Lots. There may be only one vehicle in a "Y" Lot.
- Students exclusively enrolled at the Salt Lake Center may park in visitor parking.

VISITOR:

- Someone who is not a current employee, current student or the spouse of a current student or employee. Former students or former employees and those enrolled only in Independent Study courses are also considered visitors and may park in a visitor lot.
- A visitor may be eligible for dismissal (visitor void) of one violation for parking in a regular stall without registering in a 12 month period.
- Former students or former employees are not eligible for a "visitor void" until 12 months after leaving the University.
- UVU students, although they are not students, are limited to parking in visitor lot 26 (by the JRCS) only. UVU Students must have a valid UVU parking permit in order to use this parking lot.

REQUIREMENTS/RESPONSIBILITIES

LICENSE PLATES: Vehicles driven or parked on campus must display current license plates or current temporary registration certificates for that vehicle. Because license plates are now the mode used to determine registration, plates must be kept visible, free of snow, mud or other obstructions. Vehicles without front license plates may not park backed into a stall because that would conceal the license plate from the license plate reader. Utah **does** require both front and rear license plates. Vehicles parked without a valid license plate showing will be cited.

PARKING PRIVILEGES: BYU no longer uses actual Parking Permits. All vehicles are granted privileges, based on the registrant's university status. Those privileges are assigned to the license plate in the parking system. Students, faculty, and staff are required to register their vehicles in order to park in campus parking. LDS Church and BYU vehicles must be registered to allow parking and entry past the control gates. Accommodations can be made for guests of the University and Government vehicles with "EX" plates.

CITATIONS: Citations issued to a vehicle are the responsibility of first, the person registering the vehicle in the BYU Parking system, then the state registered owner of the vehicle. Students and employees are responsible for citations issued to any vehicle registered by them in the BYU Parking system, or of which they are the registered owner, unless someone else has registered the vehicle and accepted responsibility for that vehicle at BYU. Any registrant allowing another to drive and park a registered vehicle on campus, needs to advise them of parking regulations. Upon issuance of a citation, the registered owner of a vehicle should receive an email advising them of the citation being issued.

A copy of the citation will be affixed to the vehicle.

Failure to receive a copy of a citation does not invalidate nor justify dismissing the citation.

LICENSE PLATE/NAME/ADDRESS CHANGES: Edit your registration online at <http://parking.byu.edu>.

GENERAL INFORMATION

BYU--PRIVATE PROPERTY: BYU may, at its sole discretion, deny any person permission to drive or park on campus for failure to observe BYU's policies and procedures or for any other cause. Failure to heed such denial may constitute trespassing.

TIME ZONES: Registration is not required to park in time zones. **Enforcement of the time restriction ends when the remainder of the parking lot opens to the general public.** Citations for overtime parking are issued during restricted hours as posted at lot entrances. If a vehicle remains parked longer than one hour after being cited for overtime parking, a second citation with a higher fine will be issued and the first will be voided. (Moving a vehicle from one time stall to another is considered a violation of this regulation.) Students are not allowed to use

time stalls for their student employment parking. Time stall parking is intended for short-term parking only.

EXTENDED TIMED PARKING: BYU service vehicles, and vehicles with "Official", "General Authority", and disability permits may park without restriction in time stalls displaying a clock symbol, provided no other appropriate stall is available. This privilege does not extend to private vehicles with service permits or to government or commercial vehicles.

Time stalls with 5-10 minute limits (no clock symbol) are not available for extended parking because frequent turnover is very important in these areas.

DEAN/DIRECTOR/OFFICIAL STALLS: These stalls are restricted as posted. "Official" or other authorized special registration is required for these stalls.

SPECIALTY PARKING (SUCH AS X STALLS): X stalls exist in several locations on campus and are dedicated to a particular entity that has need for personnel to frequently come and go from campus. Hanging permits will be handed out by the entity to authorized persons as they need the parking. These stalls are not to be used for student parking or by employees as regular parking. These stalls are regulated as to length of time a vehicle can remain in the space. Vehicles parked longer than the posted limit will be cited.

Other specialty parking can be authorized by the Parking Services at 801-422-3906.

OVERNIGHT PARKING:

- Parking is prohibited between 1:00 a.m. and 5:00 a.m. **in all lots**, unless otherwise posted.

COURSES AND CONFERENCES PARTICIPANTS: Contact the hosting department for parking information.

SIDEWALKS/LAWNS:

- **No** motor vehicle is to be driven on the sidewalks during class breaks. Drivers may be fined \$50 if they violate this rule.
- Operating motor vehicles on sidewalks and lawns is considered hazardous and is prohibited except for certain University-owned vehicles using designated sidewalk access areas.
- Special permission may be given for other vehicles to drive on campus sidewalks or lawns. This permission is given only upon prior contact with the University Police Parking Services Office and obtaining a permit for each specific use. Additionally, permission to drive on lawns must also be obtained from the Grounds Department.
- No vehicle may be driven on sidewalks in excess of walking speed (3 mph).
- Marked pedestrian walkways in parking lots shall be considered sidewalks.

GUEST LECTURERS AND OTHER BYU HOSTED GUESTS: Hosting departments should make advanced parking arrangements with the Parking Services Office.

PARKING IN STALLS: Vehicles must park within stall boundaries. Any vehicle parked in a buffer zone or at the end of a row will be issued a citation.

PARKING IN BUILDINGS: Parking in any building is prohibited unless authorized by the Fire Marshall, Safety Office, and the Parking Services Office. This includes motor vehicles, motorcycles, and bicycles.

BYU SERVICE VEHICLES: BYU's Maintenance service vehicles may park in any regular stall except for disability, nursery, dean/director/official, or other special use stalls. They may also park for unlimited time in time stalls with clock symbols and service stalls while doing actual service/repair/loading/unloading. Service vehicles may not be parked in time or service stalls for extended time in order for employees to attend meetings, park closer to their offices, etc. University departmental vehicles (non-maintenance) may park in service stalls for short term parking only, not to exceed 30 minutes.

DISPLAYING VEHICLE FOR SALE: Private vehicles may not be displayed for sale on property owned or controlled by BYU or its sponsoring church institution.

PARKING ON RESIDENTIAL STREETS WHEN ATTENDING CLASS OR FOR EMPLOYMENT: Students/faculty/staff attending classes or work should obtain BYU parking registration and park in appropriate parking lots. Parking on neighboring residential streets causes congestion and inconvenience and is highly discouraged.

MISUSE OF DRIVING AND PARKING PRIVILEGES:
